Quetta, Balochistan, Pakistan

OBJECTIVE

Detail-oriented IT professional with a background in Software Engineering and hands-on experience in network administration, IT support, and cybersecurity. Currently working as an Assistant Network Administrator at the Balochistan Revenue Authority, with experience in network troubleshooting, infrastructure support, access control, and security assessments. Possess certifications and training in cybersecurity and project management, with a strong interest in information security, risk assessment, and network security.

EXPERIENCE

- **Balochistan Revenue Authority [🌐]** *Jul 2025 – Present*
  Assistant Network Administrator Quetta, Pakistan
  - Assisted in the administration, configuration, and troubleshooting of network infrastructure, including routers, switches, and connectivity issues.
  - Monitored network performance and supported the implementation of network security controls to ensure secure and reliable operations.
  - Assisted in managing network access, user connectivity, and troubleshooting hardware and network-related issues.
  - Supported IT security assessments and contributed to identifying and addressing potential network vulnerabilities.
- **Balochistan Revenue Authority [🌐]** *Oct 2024 – Mar 2025*
  IT Intern Quetta, Pakistan
  - Provided technical support for hardware, software, and networking issues, ensuring timely resolution and improved user productivity.
  - Assisted in configuring user accounts and managing access control to strengthen information security.
  - Collaborated with the IT team to implement security measures and enhance network performance.
  - Documented recurring issues and wrote step-by-step troubleshooting guides, reducing repeat queries by ~30%.
- **Webious Digital [🌐]** *Oct 2022 – June 2024*
  Assistant System Administrator Remote
  - Served as a core member of the infrastructure team, ensuring stability, security, and scalability of cloud-based systems and digital environments.
  - Led network configuration, optimization, and troubleshooting tasks.
  - Implemented security-aware network practices to strengthen reliability and reduce service interruptions.
  - Demonstrated exceptional technical proficiency while operating in a fully remote capacity.

EDUCATION

- **Balochistan University of IT, Engineering and Management Sciences (BUITEMS)** *2018 – 2025*
  BS Software Engineering Quetta, Pakistan
  - Coursework: Software Engineering, Networks & Network Security, Web Development, Project Management, Database Systems.
  - Honors: Merit-based performance across cybersecurity and software projects.
- **Govt. Boys Degree College, Nushki** *2016 – 2018*
  HSSC (Pre-Medical) Nushki, Pakistan
  - Focus: Biology, Physics, Chemistry & Additional Mathematics (Pre-Engineering).

SKILLS

- **Programming Languages:** Python
- **Web Technologies:** WordPress (setup & management), basic front-end, secure web testing
- **Database Systems:** MySQL
- **Cybersecurity & Networking:** Threat detection, vulnerability assessment, incident response (simulated), access control, Networks & Network Security
- **Tools & Platforms:** Linux, SIEM exposure, Git/GitHub, Virtual environments, Remote collaboration tools
- **Multilingual:** English (Fluent), Urdu (Fluent), Pashto (Fluent)
- **Research Skills:** Security lab setup, documentation of attacks, reporting, requirements gathering, solution comparison

Honors and Awards

- **Cybersecurity Internship** *May 2025*
  DevelopersHub Corporation
  * Awarded for exceptional performance, consistency, and quality of work during a 6-week cybersecurity internship.
  * Recognized for strong research-driven approach in threat detection tasks.
- **Participation – Web Security Practice Labs** *2024*
  Independent / Personal Labs
  * Built and tested lab environments to practice secure coding and web attack simulation.

Professional Memberships

- **Pakistan Engineering Council (Registered Engineer)**, PEC number: **027386** *2025 – Present*
- **BUITEMS Alumni Network**, Member *2022 – Present*

Certifications

- **Palo Alto Academy (Network Security Fundamentals)** *2025*
- **Google Project Management** *2025*
- **Google IT Support** *2025*
- **Ubuntu Server Administration** *2025*
- **C | EH (Professional Certification)** *2024*
- **Computer Hacking Forensic Investigator** *2024*
- **Cyber Security Essentials Certificate** *2024*
- **AI Essentials (Google)** *2024*
- **Google Cybersecurity** *2024*
- **Virtual Assistant Certification** *2023*
- **Diploma in IT** *2018*
